# COMPANY INTRODUCTION

PLANTING BASE  
3,500 hectares

PRODUCTION BASE  
60,000 m<sup>2</sup>

FLOOR SPACE  
30,000 m<sup>2</sup>

**Ningxia Red Power Goji Co., Ltd.** as a high-tech enterprise integrating R&D, production and sales of liquid goji series products, devoted ourselves into the deep processing of Zhongning goji, build the upmarket manufacturing system of healthy food.

**Main Products:** Goji juice, Black goji juice, Red/ Black goji berry, Goji juice concentrate, Clarified goji juice, Goji powder.

## SMART MANUFACTURING

Four modern finished product filling lines, new pass-through sterilization equipment, and a complete range of high-end production equipment, can meet the production needs of multiple specifications.

- Roll film stand-up pouch: **110,000** bags/day
- Back-sealing filling machine: **60,000** bags/day
- Bag filling machine: **130,000** bags/day
- Bottle filling machine: **70,000** bottles/day

## As the largest manufacturer of goji juice

Daily process **100** tons of fresh goji

Annual output of **7,000** tons of goji juice

**500** tons of goji powder

# GOJI JUICE

Goji juice is made from fresh goji berry once picked from our planting base in 6 hours. Without water added in the production process to ensure the nutrient material is absorbed adequately by human body. Besides, reduce the loss of nutrients and lock the nutrition by shorten the time from picking to juicing.

## JUICING IN 6 HOURS

EVERY DROP  
IS THE GIFT  
FROM  
NATURE

Keep the nutrition completely through cleaning, secondary washing, crushing, high pressure homogenization, pasteurization, aseptic filling and other processes. At the same time, we promise not any preservatives, sugar, water, pigment, suspending agent, caffeine and other additions, in order to keep its original flavor and more nutrition and health, also more beneficial to human absorption.

# CERTIFICATION

Red Power has exported for nearly two decades to North America, Japan, Korea and other European, Asian countries with ISO9001, HACCP, SC, KOSHER, USDA Organic, JAS Organic, EU Organic, FDA, PEPSI GMA-SAFE, HALAL, AIB and others.

# EFFICACY

## Betaine

Promote liver cell regeneration, reduce fat and protect liver.

## Flavonoids

Improve blood circulation and lower cholesterol.

## FMMU

Lowering blood lipids and high in anti-oxidant.

## LBP

Improve human immune. Anti-aging, anti-tumor.

## LBP

Lower blood sugar and blood lipid.

## Carotene

Prevent dry skin, prevent night blindness.

## Lutein

Retina Protection.

## Carotenoids

Reducing the incidence of mcardiovascular diseases.

## GOJI JUICE

- Brix:** 15%-21%
- Price:** \$3.9/kg, bulk price is negotiable.
- Package:** 25kg/drum (Dia 285mm & H 440mm )and 200kg/drum(Dia 590mm & H 890mm ), packaged with double-layer aseptic packaging bag inside, and steel drum outside.
- Sample:** 1kg/aluminium bag
- Storage:** In sealed containers at cool & dry place. Protect from light, moisture and pest infestation
- Shelf Life:** 18 months when properly stored.
- ORAC:** 59,930 units of ORAC in every 1L of goji juice; ORAC is the abbreviation of OXYGEN RADICAL ABSORBANCE CAPACITY, that is, antioxidant capacity.
- Usage:** Healthcare products; Food additives; Mix with breakfast; Fruit salad; Drinking directly

**Annual output: 7,000 tons**

## GOJI JUICE CONCENTRATE

Goji juice concentrate is made from Goji juice by merely reducing its water content and meanwhile maintain its nutrients through negative pressure concentration technology.

- Brix:** 30%-36%
- Price:** \$9.5/kg, bulk price is negotiable.
- Package:** 25kg/drum and 200kg/drum.
- Sample:** 1kg/bag
- Storage:** In sealed containers at cool & dry place.
- Shelf Life:** 18 months.
- Usage:** Healthcare products; Food additives

## CLARIFIED GOJI JUICE

Clarified goji juice is made by further refining goji juice. The production process adopts pure physical separation technology, which retains the effective ingredients to the greatest extent. It is a rare raw material for biopharmaceutical, functional food and health drink.

- Brix:** 15%-18%
- Price:** \$9.5/kg, bulk price is negotiable.
- Package:** 25kg/drum and 200kg/drum.
- Sample:** 1kg/bag
- Storage:** In sealed containers at cool & dry place.
- Shelf Life:** 18 months.
- Usage:** Healthcare products; Food additives

## GOJI POWDER

Apply automatic low temperature vacuum drying technology. The fine and smooth goji powder has bright color, high nutrient content, rich flavor and best taste. It is the best raw material for modern international health drinks and fully water soluble. 1kg goji powder is made from 6kg fresh goji juice.

- Mesh:** 80  
**Price:** \$52/kg, bulk price is negotiable.  
**Package:** 25kg/drum.  
**Sample:** 100g/bag  
**Storage:** In sealed containers at cool & dry place.  
**Shelf Life:** 18 months.  
**Usage:** Healthcare products; Food additives and flavorings of health food and beverage

## GOJI BERRY

Goji berry (known as Wolfberry), have been used in Asian herbal medicine for over 5,000 years and has been regarded as one of the most nutrient-rich foods on earth, containing high amounts of essential amino acids, vitamins C and A, and over 20 trace minerals and vitamins (including zinc, iron, phosphorus, B2, vitamin E, and carotenoids).

- Spec:** 180 grains/50g, 280 grains/50g, 370 grains/50g, 580 grains/50g, etc.  
**Price:** Bulk price is negotiable.  
**Package:** 20kg/carton (50\*33\*30cm).  
**Sample:** 100g/bag  
**Storage:** In sealed containers at cool & dry place.  
**Shelf Life:** 12 months.  
**Usage:** Tea; Medicines; Healthcare products; Pharmaceutical raw material; Extract raw material; Cosmetic products; Food additives.

## BLACK GOJI

Grows in pure, natural and pollution-free ecological environment. has effects of clearing heat and dampness, hemostasis and muscle growth, detoxification and swelling. Long-term consumption can lower blood sugar, resist blood lipids, regulate immunity, prevent myopia and protect eyesight.

**Spec:** Big (8mm+), Medium (5-8mm), Small (3-5mm)  
**Price:** Bulk price is negotiable.  
**Package:** 15kg/carton (50\*33\*30cm).  
**Sample:** 100g/bag  
**Storage:** In sealed containers at cool & dry place.  
**Shelf Life:** 12 months.  
**Usage:** Tea; Medicines; Healthcare products; Pharmaceutical raw material; Extract raw material; Cosmetic products; Food additives

## BLACK GOJI JUICE

The liquid is more absorbent. Main ingredient is anthocyanins, that substance can be a good antioxidant, eliminate free radicals in the body, and has a significant anti-aging effect. Besides, it can protect the liver, strengthen the body, and its medicinal and nutritional values are high.

**Brix:** 5%-8%  
**Price:** \$4.6/kg, bulk price is negotiable.  
**Package:** 20kg/drum, packaged with double-layer aseptic packaging bag inside, and steel drum outside.  
**Sample:** 1kg/aluminium bag  
**Storage :** in sealed containers at low temperature cryopreservation. Protect from light, moisture and pest infestation  
**Shelf Life:** 12 months when properly stored.  
**Usage:** Juice products

# TRANSPORTATION

We can ship cargo by courier, by air, by ship or by train.  
Including DHL, UPS, TNT, FedEx, EMS, kinds of special line.

Type of Shipping	Description	MOQ	Advantage	Delivery Time
By Courier	Small-lot Shipment	1kg	Cheaper and Fast	5-7 days
By Air	Urgency Shipment	1kg	Fast	7-10 days
By Sea	Large Shipment	1ton	Cheapest	15-30 days
By Train	Large Shipment	1ton	Cheap	10-20 days

# PAYMENT

We accept different kinds of payment, including Wire Transfer-T/T, Credit/Debit Card, Paypal, Apple Pay, Google Pay etc.

## EXPECT COOPERATION

Adhere to characterization and branding in the development of industrialization all the time, Red Power deeply explore efficacious potential of goji berry and continuously stimulates industrial vitality by setting up an open platform that deeply integrates industry-university-research, driven by technological innovation. In the future, further strengthening confidence, Red Power people will seize development momentum of big health industry, opportunity of regional characteristic brand building to accelerate the pace of technology, brand and quality innovation, and continuously improve the core competitiveness of the company to a new level.
